**SHOWROOM: ORNARE**

**Why this showroom:** "Innovation and modernity. Ornare is well known for this and they've never disappointed me. I also like the functionality of their lines, the beauty of what they offer and the competitive pricing for clients." **Inventory favorites:** "Historically for me it's been the showroom's closet and wardrobe designs, but lately I've also been attracted to their new Linah family of smart kitchens." **Service factor:** "To be successful in this high-end arena, stellar service is mandatory. Ornare always delivers." **Memorable experience related to the showroom:** "Not too long ago, our company was invited to Saõ Paulo, Brazil, to tour the Ornare factories firsthand. They were wonderful hosts and we gained a better understanding of the brand's products and design." **Currently working on:** "The last project in which we used Ornare landed us on the pages of the Wall Street Journal. That Coconut Grove home was an exercise in minimalism and Ornare offered a seamless design interpretation."
